BILLING CODE 3510-12-M

[I.D. 050195D]

Endangered Species; Permits

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Receipt of a request for modification 2 to permit 907 (P498A), and issuance of permit 953 (P497C) and modification 2 to permit 824 (P510A).

SUMMARY: Notice is hereby given that David Bennett (P498A) has applied in due form for a second modification to permit 907. Notice is also given that NMFS has issued Permit 953 to Ted Bjornn of the Idaho Cooperative Fish and Wildlife Research Unit (ICFW) and Lowell Stuehrenberg of NMFS (P497C), and a second modification to Permit 824 held by the Shoshone-Bannock Tribes (P510A).

DATES: Written comments or requests for a public hearing on the request to modify Permit 907 must be received on or before June 8, 1995.

ADDRESSES: The applications, permits, and related documents are available for review or by appointment in the following offices:

Office of Protected Resources, F/PR8, NMFS, 1315 East-West Hwy., Room 13307, Silver Spring, MD 20910-3226 (301-713-1401); and

Environmental and Technical Services Division, 525 NE Oregon Street, Suite 500, Portland, OR 97232-4169 (503-230-5400).

Written comments or requests for a public hearing on the request to modify Permit 907 should be submitted to the Chief, Endangered Species Division, Office of Protected Resources.

SUPPLEMENTARY INFORMATION: David Bennett has requested authority to take juvenile listed Snake River sockeye (*Oncorhynchus nerka*) and chinook salmon (*O. tshawytscha*) for the purpose of assessing the salmonid use of the Cargill grain elevator site near the confluence of the Snake River with the Columbia River.

On March 20, 1995, notice was published (60 FR 14735) that an

application had been filed by Ted Bjornn of ICFW and Lowell Stuehrenberg of NMFS (P497C) to test the efficiency and locations of two Merwin traps in 1995 by capturing 200 adult Snake River spring/summer chinook salmon, of which 45 would be listed. No mortalities were requested. On April 25, 1995, NMFS issued Permit 953 for the above research.

On May 2, 1995, NMFS issued Modification 2 to Permit 824 held by the Shoshone-Bannock tribes to allow for increased take of listed Snake River spring/summer chinook salmon redds, juveniles, and adults by observation via snorkeling and from river banks.

Permit 953 and Modification 2 to Permit 824 were issued, subject to certain conditions set forth therein, to authorize takes of listed species for the purposes of scientific research under the authority of section 10 of the Endangered Species Act of 1973 (ESA) (16 U.S.C. 1531-1543) and the NMFS regulations governing listed fish and wildlife permits (50 CFR parts 217-222). As required by the ESA, this permit and modification were based on a finding that such actions: (1) Were applied for in good faith; (2) will not operate to the disadvantage of the listed species which are the subject of these actions; (3) are consistent with the purposes and policies set forth in section 2 of the ESA.

Dated: May 2, 1995.

Chief, Endangered Species Division, Office of Protected Resources, National Marine Fisheries Service.

BILLING CODE 5000-04-M

Office of the Secretary

Economic Security: Base Closures and Realignment; Points of Contact and Addresses for Local Redevelopment Authorities

AGENCY: Department of Defense.

ACTION: Notice.

SUMMARY: This Notice provides points of contact and addresses for the Local Redevelopment Authorities (LRAs) for the closing and realigning bases listed below. These LRAs have elected to be covered under the Base Closure Community Redevelopment and Homeless Assistance Act of 1994, Public Law 103-421 (Homeless Assistance Act). All other closing or realigning installations will be screened in accordance with the Stewart B.

McKinney Homeless Assistance Act, 42 U.S.C. 11411 (McKinney Act). Representatives of state and local governments and other parties interested in using base closure properties in this Notice for the needs of the homeless should contact the person or organization listed.

DATES: This action is effective May 9, 1995.

FOR FURTHER INFORMATION CONTACT:

Mr. Robert Hertzfeld, Office of the Assistant Secretary of Defense for Economic Security, Pentagon, Room 1D760, Washington, D.C. 20301-4000, (703) 695-1470.

SUPPLEMENTARY INFORMATION: The Homeless Assistance Act exempts military installations approved for closure or realignment after the date of enactment of the Homeless Assistance Act from compliance with section 501 of the McKinney Act. Further, the Homeless Assistance Act affords LRAs for installations approved for closure pursuant to earlier base closure rounds the opportunity to elect the new procedures for addressing homeless needs, rather than using the McKinney Act procedures. Whereas the McKinney Act gives priority use of underutilized, excess, or surplus Federal real property to homeless assistance providers independent of other reuse plans for property, the Homeless Assistance Act establishes procedures by which local homeless assistance needs are incorporated into the overall reuse plan for the closing installation. Under the new law, LRAs are responsible for developing a reuse plan that incorporates homeless assistance; the plan subsequently must be approved by the Department of Housing and Urban Development to ensure that the needs of the homeless are adequately considered.
